

look good. **feel better**

alisun 200

At Alisun we believe that great tanning results should be available to everybody, no matter the size of your budget. That's why we developed the Alisun 200, a low level entry machine with high level results. Our most accessible horizontal, designed to fit any budget without compromising the result. The Alisun 200 is a very affordable way to experience our idea of professional tanning.

A step up for light commercial and home use

The Alisun 200 was designed with light commercial and home use in mind. We offer it at a surprisingly low price, especially if you consider the output of this compact machine. If you want to offer professional tanning as an extra service or addition to your core business or get a great tan at home, the Alisun 200 is just what you need.
